

Introduction to Safety Leadership

# Introduction to Safety Leadership

## ACHIEVING SAFETY EXCELLENCE THROUGH LEADERSHIP

### Introduction To Safety Leadership

PSB Solutions 'Introduction to Safety Leadership' two day program is designed for those organisations and individuals aiming to:

- Improve their safety leadership.
- Improve their current safety performance and culture.
- Promote the importance of safety leadership.

### Key Objectives

The key objectives of the two day program are to provide leaders with an understanding of:

- Effective safety leadership.
- Incident and injury causation (human error, systems, work environment, and leadership).
- How to create and maintain a positive safety culture.
- Safety culture and the leadership link.
- Risk-taking behaviour and management.
- How to deliver effective safety feedback to individuals and groups.
- Effective communication and relationship building skills with groups and individuals.

### Audience

This course is ideal for those leaders, supervisors and managers who supervise others in the workplace and have not been exposed to safety leadership principles or psychology in safety.

### The Process

This course is available both publicly and in-house. For in-house solutions, PSB Solutions can tailor the two day program to suit your needs, industry type and specific safety concerns.
